

Home Rehabilitation Programs Application

General Overview

Thank you for your interest in the city of Thornton’s Home Rehabilitation Programs (HRPs). As funding is available, the programs consist of: Code Compliance Assistance Program, Help for Homes, and Paint-a-Thon. These programs may be funded through an annual allocation of Community Development Block Grant (CDBG) funds provided to the City by the U.S. Department of Housing and Urban Development (HUD).

Home rehabilitation is a priority for the City and has received a significant portion of CDBG funding over several years. To implement the HRPs, the City partners with nonprofit organizations and contractors to operate the programs until all available funds are exhausted. All HRPs are provided at no cost to eligible city of Thornton residents who apply and are approved.

When completing the attached application, please indicate the programs in which you are interested. Because these programs are funded by HUD, all applicants must meet the general eligibility requirements listed below. **Note:** The Home Rehabilitation Programs are not emergency assistance or reimbursement programs, and the application and approval process may take several months to complete.

Thornton’s HRP Programs

The HRPs availability is contingent upon the available funding from HUD and an annual City Council program approval. The following programs exist but may not be available due to lack of funding.

Code Compliance Assistance Program (CodeCAP)

The program operated by the City provides free, external minor home rehabilitation to qualified applicants to mitigate or cure external code violations. Eligible tasks include hazardous tree removal; trash and debris removal – including large items such as furniture and appliances; fence repair or replacement; and minor restorative WaterWise landscaping in the front yard. If it is secondary to the primary task(s), a one-time vegetation trimming and mowing may be completed.

Help for Homes Program

The program offers eligible Thornton homeowners with the opportunity to receive up to \$10,000 in free home repairs to improve the health, safety, accessibility, and energy efficiency of their homes. Repairs may include plumbing or electrical issues, heating/furnace replacement, roof repairs, accessibility modifications (e.g. ramps, grab bars, etc.), and energy efficiency upgrades. **Currently all the funding for the Help for Homes program is obligated by approved applicants.** Therefore, it is closed to new applications as of January 1, 2026. The city anticipates it will reopen after August 2026.

Paint-a-Thon

Operated by our partner Brothers Redevelopment, Inc. since 1978, this program assists Thornton seniors (60+) and/or Thornton residents with a disability, by painting the exterior of their homes. The home must be owner-occupied, single-family home less than 20-feet-tall. The owner(s) must not be able to afford to hire a painting contractor. Homes with brick or siding may have areas like trim, gutters, downspouts, fascia, gables, and exterior doors painted. Additional qualifications apply and will be reviewed by our non-profit partner.
