

## Connection Fees – Quick Reference

---

### What Are Connection Fees?

- One-time payments to help the city pay for **growth-related** infrastructure.
  - Cost for **new development**, or when an increase in meter size is required.
- 

### How Fees Are Set

- Independent consultant completes a **Water & Sewer Financial Plan and Rate Study**.
  - Increases are approved by **City Council** and added to the **City's Water & Sewer Ordinance**.
- 

### Who Determines?

- **Lot size** – Official Plat
  - **Determination of sufficient water supply / will serve request** – Infrastructure / Water Resources
  - **Meter size** – City Development
    - Residential/Commercial – Plans Examiner
    - Irrigation – Landscape Review and Inspection
- 

### When Are Fees Assessed?

- Connection fees are set when your permit is issued.  **But there's a time limit!**
  -  If construction doesn't begin within 1 year **of permit issuance**:
    - **Your connection fees may be** reassessed, **if fees have increased, you'll need to** pay the difference
  -  Start construction within 1 year **to avoid additional charges**.
- 

### What's Included in Connection Fees?

- **Water Meter** – Meter cost
  - **Water Connection** – Investment in water transmission and distribution main lines, distribution system storage, pumping, water treatment facilities, and land.
  - **Water Resource** – Investment in raw water source of supply, reservoir storage, transmission and pumping facilities. Some communities require developers to bring their own water rights; Thornton uses a “cash-in-lieu” process, which is another way to describe the Water Resource portion of the connection fee.
  - **Construction Water** – Charge for water used in between rough-in plumbing and meter set.
  - **Metro Water Recovery (Sewer)** – 3<sup>rd</sup> party sewer infrastructure (pass-through cost).
  - **Sewer Connection** – Investment in sewer expansion of main lines and infrastructure.
- 

### Who Installs the meter?

- **Meter Shop** – Inspects meter pit and installs the meter. (re-inspection fee applies)
