

STOP WATER LEAKS BEFORE THEY DRAIN YOUR WALLET!

Leaks can cause high water bills, especially if they go unnoticed. Thornton Water customers can prevent costly bills by setting up leak notifications in their WaterSmart customer portal.

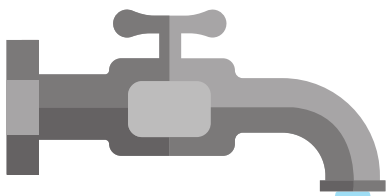

Leak notifications are available by phone, email and/or text.

Don't have email? No problem!

You can receive a voicemail notification as soon as the system detects a leak at your home, saving you money!

3 Easy Options to Sign Up:

1. Visit goCOT.net/paymybill
(Click "View Usage" to connect to WaterSmart.)
2. Go directly to: thornton.watersmart.com
3. Call Thornton Utility Billing:
303-538-7370 (English or Spanish)

Please help spread the word to family, friends and neighbors to help them save, too!
