V-safe After Vaccination Health Checker

Get vaccinated.
Get your smartphone.
Get started with v-safe.

Use your smartphone to tell CDC about any side effects after getting the COVID-19 vaccine. You'll also get reminders if you need a second vaccine dose.

**V-safe** is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through **v-safe**, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you and get more information. And **v-safe** will remind you to get your second COVID-19 vaccine dose if you need one.

Your participation in CDC’s **v-safe** makes a difference — it helps keep COVID-19 vaccines safe.

When you get a COVID-19 vaccine, your healthcare provider will give you a **v-safe** information sheet. This sheet provides instructions on how to register and use **v-safe**.
How to register and use v-safe

You will need your smartphone and information about the COVID-19 vaccine you received. This information can be found on the vaccination record card you received during your vaccination; if you cannot find your card, please contact your healthcare provider.

Register

1. Go to the v-safe website (link provided on the v-safe information sheet your healthcare provider gave you during your COVID-19 vaccination). Read the onscreen instructions and click Get Started.
2. Enter your name, mobile number, and other requested information. Click **Register**.

3. You will receive a text message with a verification code on your smartphone. Enter the code in **v-safe** and click **Verify**.
4. At the top of the screen, click **Enter vaccine information**.

5. Select which COVID-19 vaccine you received (found on your vaccination record card; if you cannot find your card, please contact your healthcare provider) and enter the date you were vaccinated. Click **Next**.
6. Review your vaccine information. If correct, click **Submit**. If not, click **Go Back**.

7. Congrats! You’re all set! If you complete your registration before 2 p.m. local time, **v-safe** will start your initial health check-in around 2 p.m. that day. If you register after 2 p.m., **v-safe** will start your initial health check-in immediately after you register — just follow the instructions.

Registration **before** 2 p.m. local time:

Registration **after** 2 p.m. local time:

---

**What happens next?**

You will receive a reminder text message from **v-safe** around 2 p.m. local time for the next check-in. Just click the link in the text message to start the check-in.
Complete a v-safe health check-in

1. When you receive a v-safe check-in text message on your smartphone, click the link when ready.

2. Follow the instructions to complete the check-in.
Hi Olivia,
Let's start today's health check-in.
How are you feeling today? *

Follow instructions to complete check-in.
