

BEWARE OF MEDICARE SCAMS

Seniors are being contacted by someone claiming to be from Medicare. The caller states they are going to mail out their new Medicare card but they need a social security number and bank account information. The caller id indicates the call is coming from Florida, but in many cases the caller has an accent.

This is a scam! NEVER give out your personal or financial information over the phone (or computer), unless you absolutely know with whom you are talking. Simply hang up the phone and don't engage in any further conversation.
