Thornton is offering a FREE pilot transportation program for residents in south Thornton to travel to the new Trail Winds Recreation Center, located at 13495 Holly St.

The shuttle van will pick up residents at two different locations while enroute to Trail Winds. Similar to other bus transportation programs, our van will follow a strict route, with specific pick-up times for each stop, making it very convenient for passengers to plan their visit to the recreation center as well as their return trip home.

Along with the transportation opportunity, community members will be given passes for free admittance to Trail Winds Recreation Center for the first two weekends of the pilot program. After the first two initial weekends, regular admission rates will apply.

We hope you will take advantage of this unique opportunity.
