### NEW! REMOTE LEARNING AGES 1-5

Do you need to keep your child remote this year? This content is designed for families who want to build relationships with preschool teachers and peers using age-appropriate curriculum without having to use multiple platforms or spend a lot of time on a computer with their young children. Families will receive weekly emails with detailed lessons and activities including the ELDG connections and material lists along with opportunities to connect online for story times, show-and-tell, tips and tricks and question and answer periods. Lessons and activities will focus on skill practice and school readiness through fun projects.

MONTHLY REGISTRATION: $35 monthly
