Portable Playground is a free summer program where we take recreational activities out into our community.

Safety is a top priority for our staff and our participants! Staff will be wearing masks and gloves. We encourage our participants to wear masks as well. We will set up for physical distancing while participating in all activities.

This drop-in program will give children the opportunity to get a fresh healthy meal and participate in an activity. Activities may include coloring, individual crafts, and group games. We have the opportunity to give each youth a bag with multiple meals!
