

WATER CONNECTION FEE INCREASE FOR NEW DEVELOPMENTS

The city of Thornton recently adopted an increase to the water connection fees for new developments.

These fees go into effect on January 1, 2022.

Connection fees are a one-time payment to connect to Thornton's water system to compensate the city for the cost of acquiring, constructing and extending infrastructure to support new development. The current connection fees are based on the 2020 Utility Master Plan and will ensure Thornton can adequately meet the needs of future development.

TIMETABLE

Connection Fees increases will be phased in over three years; effective January 1, 2022, January 1, 2023, and January 1, 2024.

Projected growth projects include:

- a 3rd Water Treatment Plant
- the Hammer Raw Water Connection Project
- new transmission lines, pump stations,
- and a storage tank.

HISTORY

The current water connection fees have been in place since January 1, 2016. Thornton has only raised connection fees twice in the previous 14 years.

NEED HELP CALCULATING YOUR CONNECTION FEES?

Contact the Utility Billing Office at
303-538-7370 or
utilitybilling@ThorntonCO.gov.

For all other inquires, please
