The city of Thornton has established mapping of privately owned parks and facilities that are owned and maintained by the city of Thornton and private park and open space updates.
As the city of Thornton continues to grow and new residential developments are constructed, privately owned park and recreation facilities will continue to supplement existing and new facilities that are owned and maintained by the city of Thornton. The city of Thornton has established a mapping of privately-owned facilities, and this database continues to evolve as more developments are created and parks and open space updates.

The City of Thornton Parks and Open Space Master Plan provides a comprehensive guide for the development and management of park and open space resources. It includes a detailed map of existing and proposed parks, trails, and other recreational facilities throughout the city. The map base legend explains various symbols used in the map, such as parks, open space, and trails. The Wards Legend identifies different wards within the city. The LEGEND section provides information on privately owned facilities, including pools. The map also highlights various trails, such as Big Dry Creek Trail, Todd Creek Trail, and Union Ditch Trail. The map base legend includes details on park and open space system maps, trails, and miscellaneous elements.
As the city of Thornton continues to grow and new residential developments are constructed, privately owned park and recreation facilities, and this database will continue to evolve as the city moves forward with future Parks and Open Space updates.
