

# Miscanthus sinensis variegatus

## Variegated Maiden Grass

This beautiful ornamental grass grows very tall and wide. Light green leaf blades are variegated with white stripes developing tassel like seed tufts in the fall. Leave fading foliage over winter for visual interest, then cut to the ground in the spring for renewed growth. This versatile grass thrives in a variety of conditions from low water to high. Plant as a privacy screen or as a backdrop in cottage gardens. Height 5-9' Spread 4-5'

USDA Zones: 5-9
