

# Salvia greggii 'Wild Thing'

**With stunning coral-pink blooms over a long season, this Salvia deserves a prominent location in a garden setting. Kept lightly clipped, it can be utilized as a low informal hedge or as a single specimen in a perennial border . Cut back in spring to rejuvenate. This southwestern native requires little water once established. Part to full sun, tolerates many soils.**

**USDA Zones 6-10**

**Currently being tested for zone 5, in our garden**
